392. • GENERAL SERVICES ADMINISTRATION ACQUISITION REGULATION (GSAR); GSAR CASE 2021–G530, EXTENSION OF FEDERAL MINIMUM WAGE TO LEASE ACQUISITIONS

Legal Authority: 40 U.S.C. 121(c)

Abstract: The General Services Administration (GSA) is proposing to amend the General Services Administration Acquisition Regulation (GSAR) to extend the requirements of Executive Order 14026 (Increasing the Minimum Wage for Federal Contractors) and Department of Labor regulations (29 CFR part 23) to lease acquisitions where the Davis Bacon Act applies by requiring inclusion of the related Federal Acquisition Regulation (FAR) clause. Generally, the FAR does not apply to leasehold acquisitions of real property. However, several FAR clauses have been adopted based on requirements through GSAR part 570. The Federal minimum wage requirements apply to Government lease acquisitions where the Davis Bacon Act applies and extension of the FAR requirements will ensure compliance. The Executive order seeks to increase efficiency and cost savings in the work performed by parties who contract with the Federal Government by increasing to \$15.00 the hourly minimum wage paid to those contractors. This rule promotes economic resilience, and improves the buying power of U.S. citizens.

Legal Authority: 40 U.S.C. 121(c)

Abstract: The General Services Administration (GSA) is amending the General Services Administration Acquisition Regulation (GSAR) to streamline and update requirements for contracts that involve GSA information systems. By incorporating these requirements into the GSAR, the GSAR will provide centralized guidance to ensure consistent application across the organization. This rule supports the national security priority.

This rule will require contracting officers to incorporate applicable GSA cybersecurity requirements within the statement of work to ensure compliance with Federal cybersecurity requirements and implement best practices for preventing cyber incidents. Contract requirements for internal information systems, external contractor systems, cloud systems, and mobile systems will be covered by this rule. This rule will also update existing GSAR provision 552.239-70, Information Technology Security Plan and Security Authorization, and GSAR clause 552.239-71, Security Requirements for Unclassified Information Technology Resources, to only require the provision and clause when the contract will involve information or information systems connected to a GSA network.
